THE "INSURGENT" VICTORY

The people will be guided by the Oregonian when it advises them not to weep for Uncle Joe. Whatever he may seem to his home constituents, to the great majority of the people of the United States he is the embodiment of bossism and his crushing defeat will be welcomed as the dawning of a more liberal era in national politics. The insurgent Republicans have done their country the greatest possible service and their temporary union with their Democratic colleagues has been justified by the result. There will be no more talk about punishing the insurgents by expulsion from the party or withholding from them Matter of Special Improvements, Falls the distribution of the public patronage, and those who have man's desk, will, like rats, desert direction of Hon: W.
